

By John Culkin

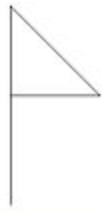

Welcome to 3S, a nonverbal and culture fair, untimed IQ test. This test is multiple choice and is divided into three difficulty levels: Easy, Medium, and Hard. Each level has 10 items, and the items are assorted in approximate difficulty order. Take your time, use your insight, and most of all: have fun! A minimum of 10 hours is recommended for solving this test, and discussing items with others is strictly prohibited. When you are done working on the test, submit your answers to the IQexams site.

**NOTE: Some items have very small details that are necessary for solving the problem. Using the zoom function on the page can greatly help solving those.**

The sequence consists of five shapes: a single white square, a solid black square, a 2x2 grid of white squares, a solid black horizontal bar, and a 1x5 grid of white squares. A red circle with a question mark is to the right. Below are five 5x5 grids labeled a-e with various black and white patterns.

18

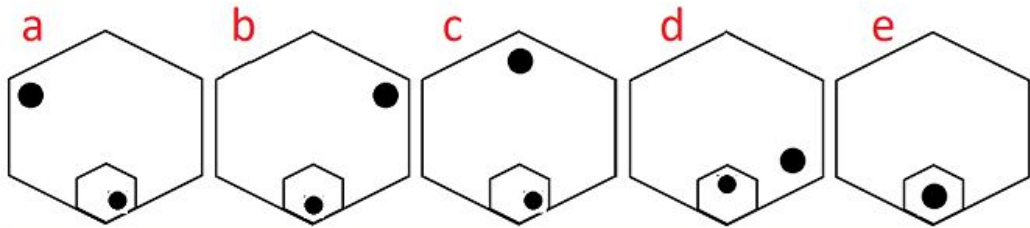

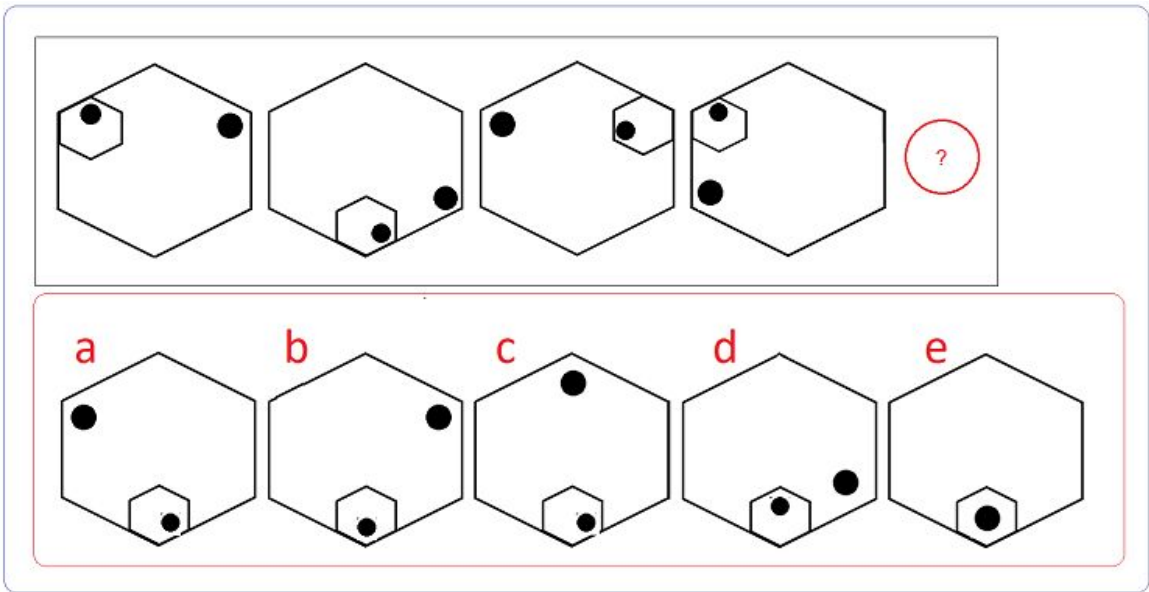

The sequence consists of three 3x3 grids containing black and white dots. The first grid has a black horizontal bar in the middle row. The second grid has a black horizontal bar in the bottom row. The third grid has a black L-shaped region in the bottom-right. A red circle with a question mark is to the right. Below are five 3x3 grids labeled a-e with various dot patterns.

27

The puzzle interface for question 27 consists of a central box and a set of five options labeled a through e.

**Central Box:** Contains a collection of shapes and patterns. On the left, a box lists symbols: a white triangle, a black circle, a black hexagon, a white diamond, a white square, a black star, and a white star. To the right, several patterns are shown: a 2x2 grid of black squares, a 2x2 grid of white squares, a 1x5 row of white squares with the first square black, a 1x4 row of black squares, a 1x5 row of white squares with the first square black, and a 1x5 row of white squares with the last square black.

**Options:**

- a: 4 white circles, 1 black square, 4 black dots, 1 black square
- b: 4 black dots, 1 black square, 1 black square, 4 white circles
- c: 1 black square, 4 white circles, 1 black square, 1 black square, 4 black dots
- d: 1 black square, 1 black square, 1 black square, 4 black dots, 1 black square, 1 black square
- e: 4 black dots, 1 black square, 1 black square, 1 black square, 1 black square

28

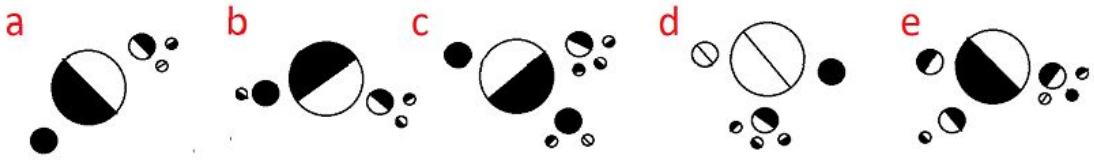

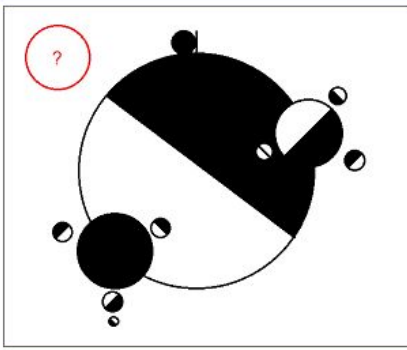

The puzzle interface for question 28 consists of a central box and a set of five options labeled a through e.

**Central Box:** Contains a staircase pattern of squares and a 4x2 grid of circles. The staircase starts with a 2x2 grid of black squares at the top left and descends to a single black square at the bottom right. The 4x2 grid of circles contains the following patterns from top to bottom: (white circle, black dot), (black dot, white circle), (black dot, black dot), (white circle, black dot).

**Options:**

- a: 1 white square, 1 black square, 1 white square, 1 black square, 1 white square, 1 black square
- b: 1 white square, 1 black square, 1 white square, 1 black square, 1 white square, 1 black square
- c: 1 white square, 1 black square, 1 white square, 1 black square, 1 white square, 1 black square
- d: 1 white square, 1 black square, 1 white square, 1 black square, 1 white square, 1 black square
- e: 1 white square, 1 black square, 1 white square, 1 black square, 1 white square, 1 black square
